For the Joy of Dance

We believe that all children deserve to find the joy in movement that is right for them individually, and we work hard to meet them at that place.

To that end, we are proud to continue to offer age-appropriate, quality dance instruction to all children. Our goal is for all children to experience the joy of dance in a low-key, noncompetitive environment. Instead of recitals, we hold observation classes at the end of each semester in which families are invited to see the skills we've been working on. In addition to the observation classes, our space works as an open studio, with large windows hidden from the street but available to parents and seating inside for quiet observation.

Our classes are structured but not restrictive. Within the framework of a weekly class, each child is encouraged to explore his or her own movements in order to reach the goals of body awareness and personal creativity as well as dancer's manners, respect and politeness for all.

For more information, contact Director Valerie Anderson at movementartsdance@gmail.com or 814-954-4877.

Our 2019 Spring schedule of children's dance classes is available, and registration is now open.

Please contact us at movementartsdance@gmail.com to reserve a space, and we will email the registration form to you.

Your return of the form and fee will guarantee your child's placement for the fall semester.
